

## Welcome to Belgrade!

Belgrade is the capital of the Republic of Serbia and it is the country's largest city with the population of about 1.8 million people. It lies on the confluence of two major European rivers, the Sava and the Danube. The city has a long history, dating back to the 4th century BC.

The city centre can be seen on foot and the main pedestrian street is **Knez Mihajlova**, leading to the **Kalemegdan** fortress. The riverbanks are also full of people on weekends when the weather is nice. Belgrade also has a lot of beautiful parks.

Main tourist attractions are:

- **Saint Sava Temple** is the largest Orthodox Church in Serbia and one of the biggest Orthodox churches in the whole world. Due to its impressive size, it is visible from most points of the city and it is often called a cathedral, although it is not yet the seat of a bishop or the patriarch.
